Dear Mr. Cheung,

Re: Response Paper on Retirement Protection for a Better Hong Kong

In response to the recent public engagement exercise on the retirement protection which has been launched since 22nd December, 2015, the Public Affairs Committee of the Hong Kong Women Professionals & Entrepreneurs Association (HKWPEA) has been actively collecting the views, comments and proposals with regard to the issue of Retirement Protection as proposed by the Commission on Poverty. Over the past few months, we have been arranging interactive luncheon sharing session to facilitate the exchange of different ideas and comments among our members across sectors and professions to discuss their views on the aforesaid issue, followed by collecting the individual comments and response from our various members. This response paper serves to provide a summary of the collective opinions and views of the HKWPEA.

Enclosed please find the full paper for your easy reference. And thank you very much for your kind attention.

Yours sincerely,

The Hong Kong Women Professionals & Entrepreneurs Association
