**Annual General Meeting  
President's Report for 2023 - 2024**

Dear Fellow Members,

It has been my absolute honor to have served as the President of HKWPEA for the last 4 years.

Together with you, we took on our work focus to “Embrace new opportunities presented by the new economy with innovative and cross-generational mindset”.

Between 2023-2024, we had learnt together through Culture & Art visit programs; GBA talks; Innovation & Technology related webinars; visits to health centres and Mind Space Tour.

We contributed to community work through service projects including youth development programs, mentorship programs, Chatbox project. We also supported the Social Enterprise Summit. For sustainability, we launched our signature project “Environment and Conservation Fund Carbon Neutrality Campaign”, funded by ECF. A series of carbon neutrality seminars, visits and promotion efforts have been arranged to promote community awareness and participation.

We continued to be active in advocacy and response to government's policies, including response to Chief Executive Policy Address 2023 and 2024, Article 23 Legislation, GEM Market Listing Reforms and Severe Weather Trading Conditions.

We had increased our external liaison activities, including GBA visit of Shenzhen, exchange with Inner Mongolia Women Entrepreneurs and Shenzhen Women Entrepreneurs, meet up with Commission of Chile, meet up with NGOs accredited under United Nations ECOSOC.

We built our bondages through fun-filled fellowship activities. We successfully recruited 15 new members who are all successful ladies in their respective fields.

Last but not least, we have started the planning of fund raising through Charitable Foundation so that we can have financial resources to support our future charitable mission. We will be staging “The Legend of the White Snake: Cantonese Opera with Kun Elegance”. This will be a unique cultural event in town and we look forward to every member's support.

I would like to express my sincere thanks to the Board and the 12 committee co- chairs. The wide spectrum of activities could not have happened without your generous contributions of your valuable time and wisdom. I must also express my deep appreciation to our Secretariat for the unfailing support to me and the Association, often behind the scene. My thanks also go to all our past presidents for sharing your ideas and experiences with me throughout the past 4 years.

With over 160 HKWPEA sisters, we have a great platform to learn, to work together to contribute to our society. The journey will continue....

Best wishes to all members.

Gratefully yours,  
Helen Kan, President

These videos feature Prof. Leung and four celebrities, and provide practical tips on how everyone can contribute to carbon neutrality. Also, with Angel Hon's unconditional support, over 20 celebrities were lined up to participate in shooting short videos for the campaign, e.g. 任達華, 任賢齊 and 袁詠儀 and deliver this video in different platforms to further increase public's awareness on this campaign.
